<https://doi.org/10.1007/978-3-319-90805-2>

This book was published inadvertently with the “Introduction to Reading and Dyslexia” by Thomas Lachmann included in the front matter of the book. This has now been included as Chapter 1 and a separate DOI has been assigned in order to make it citable and searchable. The subsequent chapters have been re-numbered and the page numbers have been updated. The content and the DOI of the existing chapters remain unchanged.
