In the original version of the book, the content in chapter 3.2 Pompeii, Herculaneum and the History of the Excavations; pp. 127–141; is a translation of the Italian original text published in pp. 38–51 of “Vesuvio Pompei, Ercolano”, edited by BE-MA 2001, coauthored by Lisetta Giacomelli and Roberto Scandone. This translation information has now been included in the book.

Additionally, the credit line for the figure “A sub-vertical dike outcropping along the flank of the caldera rim of Mt. Somma” in Appendix A has been updated.

The original version of this book was revised. Correction to this chapter can be found at <https://doi.org/10.1007/978-3-319-92877-7>
