***Advances in Manufacturing, Production
Management and Process Control*, AISC 793,
<https://doi.org/10.1007/978-3-319-94196-7>**

In the original version of the book, the following belated corrections have been incorporated:

Low quality images 1 to 5 have been replaced in chapter “Production Assessment 4.0 – Methods for the Development and Evaluation of Industry 4.0 Use Cases” with high quality figures.

Second affiliation has been included for both the authors in chapter “Practical Verification of a Logistic Lean Model for Small Enterprises Operating in Poland”.

The correction book has been now updated with the changes.
