After publication of this chapter, it was brought to the Editors' attention that there were potentially several serious concerns regarding questions of originality.

The Editors, assisted by the Publisher, have conducted an in-depth investigation in accordance with the Committee on Publication Ethics (COPE) guidelines.

The chapter: Lempel-Ziv Model of Dynamical-Chaotic and Fibonacci-Quasiperiodic Systems appearing in: *Chaos and Complex Systems*, Proceedings of the 4th

International Interdisciplinary Chaos Symposium, 2013, pp 11–14 has been retracted because it contains a significant amount of material from the previously published manuscript without acknowledging the source. The previously published manuscript that has been duplicated in this chapter is:

D. Arasteh, M. R. Kolahchi. LZ complexity in chaotic dynamical systems and the quasiperiodic Fibonacci sequence. *IJPR*. 1998; 1(4):207–221
