Erratum to: Advanced Monitoring in P2P Botnets

Erratum to:

**S. Karuppayah, *Advanced Monitoring in P2P Botnets*,
SpringerBriefs on Cyber Security Systems and Networks,
<https://doi.org/10.1007/978-981-10-9050-9>**

The original version of the book was inadvertently published without incorporating the following corrections:

Some figures and tables excerpted from a published IEEE article and an ACM article should be included in Chapters 3, 4 and 5. The author has obtained permissions from both the articles but did not add credit lines about the copyright information in the book, which should to be now added.

In Chapter 5, acknowledgment should be newly included.

The book has been now updated with the changes.

The updated online version of these chapters can be found at
