Correction to:
Chapter 1 in: Bin Jiang (ed.), *Landscape Empowerment*,
https://doi.org/10.1007/978-981-15-2067-9_1

The original version of chapter was inadvertently published with following error which has been corrected now with the correction chapter.

Owing to a correction that the editor had requested, the description on page 4, line 7 from top “Three design workshops were held in collaboration with Dr. Jason H” has been replaced with “Three design studios were supported by Qinghu School and many other scholars and professionals”.
