Correction to: Geotechnics for Sustainable Infrastructure Development

Phung Duc Long and Nguyen Tien Dung

Correction to:

P. Duc Long and N. T. Dung (eds.), *Geotechnics for Sustainable Infrastructure Development*, Lecture Notes in Civil Engineering 62, <https://doi.org/10.1007/978-981-15-2184-3>

- (1) In Chapter 42, the affiliation of Prof. Nguyen Hong Nam has been published as “Thuy Loi University”. The correct affiliation is “Thuyloi University”.
- (2) In Chapter 70, the title of the right most column in table 5 has been published as “Con. Time (%)”. The correct title is “Con. time (min/m)”.
- (3) In Chapter 74, the chapter title was published as “Aanalytical and numerical analyses on stiffness enhancement of ground improved by head-enlarged CDM columns”. The correct chapter title is “Analytical and numerical analyses on stiffness enhancement of ground improved by head-enlarged CDM columns”.
- (4) Chapter 135 was published with missing figures—figures 8, 9, 10 and 11. Please find the missing figures below:

Figure 8. Failures of soft rock and tubular pile walls embedded in (a) SR layer and (b) MS/SR layer
