Plant Molecular Biology **16**: 71–79, 1991.

In Fig. 6 on page 76 of the above article, panel A is incorrect. Overleaf we present the figure and caption with the correct panel A.

Fig. 6. Ultra-structure of normal and ch-1 chloroplasts. Thin sections of wild-type (panels A and C) and mutant (panels B and D) leafs from tissue of equal age and light exposure. Bar represents 0.5 μm in panels A and B, and 0.1 μm in panels C and D.
