In: Appl Microbiol Biotechnol 30:327–331

On page 327 in the right column, line 13, the abbreviation should read TLC (not TCL)

On page 329 in legend to Fig. 4, line 4, the chemical name should read Δ^9 -trans-(not Δ^9 -cis)-1,18-octadecenediate

On page 330, left column, in the first line of the “Discussion”, for Δ^9 -cis substitute Δ^9 -trans (i.e. Δ^9 -trans-1,18-octadecenedioic acid).
