Erratum

Exp. Brain Res., Vol. 43, No. 3–4, 1981 (pp. 377–382)

In Situ Measurement of the Innervation Ratio of Motor Units in Human Muscles

I. Gath and E. Stålberg

The authors wish to correct an error in the Summary: Lines 11 and 12 of the Summary should read: The innervation ratios for the brachial biceps, tibialis anterior and deltoid were 72, 124, and 70 fibres, . . .
