Naunyn-Schmiedeberg's Arch Pharmacol (1994) 349:74–80

Due to an error of the supplier (Cookson Chemicals, Southampton, UK) we used pyridoxalphosphate-6-azophenyl-2',5',-disulfonic acid (*iso*-PPADS; see also Connolly GP, Harrison PJ, Stone TW, 1994, Br J Pharmacol 112:408P) instead of pyridoxalphosphate-6-azophenyl-2',4',-disulfonic acid (PPADS) in all experiments. Throughout the article PPADS should be replaced by *iso*-PPADS.
