Erratum

Use of controlled-release polymer to feed ammonium to *Streptomyces clavuligerus* cephalosporin fermentations in shake flasks

C. Lübke, A. L. Demain, and K. Bergman

Fermentation Microbiology Laboratory, Department of Applied Biological Sciences,
Massachusetts Institute of Technology, Cambridge, MA 02139, USA

Appl Microbiol Biotechnol (1985) 22:424—427

On p. 427 in **Table 1** the column headings should read as follows:

N-source	Maximum volumetric titer (Units cephalosporins/ml)	Maximum specific titer (units cephalosporins/mg DCW)
----------	---	---
