Corrigenda to
“A Direct Theory of Viscous Fluid Flow in Channels”

Archive for Rational Mechanics and Analysis, Volume 86, No. 1,
pp. 39–63 (1984)

A. E. GREEN & P. M. NAGHDI

Page 51, last line of Eq. (3.31)₂: the denominator on this line should be 2 instead of 32 so that the first term on the line reads as $\frac{\psi^5 \phi^2}{2}(V_\alpha - W_\alpha) + \dots$.

Page 58, the equation for $\hat{k}_3^1$ given by (6.8)₂: on the right-hand side of this equation, ϕ^3 should be changed to ϕ^2 .
