Corrigendum to
“The Theory of an Incompressible
Solid-Fluid Mixture”

DOUGLAS E. KENYON

Volume **62**, No. 2, pp. 131–147 (1976)

The last term in equations (5.10) and (5.12) should have a negative sign preceding it. The equation for $\mathcal{K}_p$ following equation (5.4) should read:

$$\mathcal{K}_p = - \left. \frac{\partial V_s}{\partial V} \right|_{p_f}.$$
