Erratum

High pressure experimental calibration of the olivine-orthopyroxene-spinel oxygen geobarometer: implications for the oxidation state of the upper mantle

C. Ballhaus, R.F. Berry, and D.H. Green

Geology Department, University of Tasmania, Hobart, Tas. 7001, Australia

Contrib Mineral Petrol (1991) 107:27–40

A bracket in the first part of the temperature equation was omitted by mistake on p. 35 of the above article. It should have read as follows:

$$T = (6530 + 280P + (7000 + 108P) * (1 - 2X_{Fe}^{olv}) - 1960 * \dots$$

Please correct on your copy.
