Estimating the Variance of a Critical Stimulus Level from Sensory Performance Data

David H. Foster

Biol. Cybern. 53, 189–194 (1986)

Two unfortunate printing errors were made in the above article:

on page 192, the footnote reference “2” on line 6 from the bottom of column 1 should have been “1”,

on page 193, the footnote reference “1” on lines 13 and 16 from the bottom of column 2 should have been “★”.
