ERRATUM

J. Couture and J. Lambek, 'Philosophical Reflections on the Foundations of Mathematics', *Erkenntnis* 34 (1991) 187–209.

In the statement of "Gödel's formula g is false in the free topos" on page 201, line 16 f.b., the word "false" should be replaced by "not true". (As the internal language of the free topos is intuitionistic, this is not the same thing.)
