Erratum

Effect of environmental phosphate concentration on protein export by *Bacillus licheniformis* NCIB 6346

M.J. Lancaster, C.W. Keevil, D.C. Ellwood, and R.C.W. Berkeley

Arch Microbiol (1988) 150:547—551

Due to an unfortunate error, a part of the legend of Fig. 5 was wrongly printed. It should have read as follows:

The change in alpha-amylase specific activity in the culture supernatant during change-over from Pi-limitation to Mg-limitation. ($D = 0.1 \text{ h}^{-1}$). (●) Experimental change in the alpha-amylase specific activity ratio. (○) Theoretical increase in Pi-concentration during transition
