**Penfluridol: An Open Phase III Study
in Acute Newly Admitted Hospitalized Schizophrenic Patients**

Baron Shopsin, Helmfried Klein, Louis Gerbino, and Gerard Selzer

Psychopharmacology **55**, 157–164 (1977)

On Page 157 at the beginning of the abstract, the reference to 17 patients should be 16 patients.

In the first paragraph of the report, the statement referring to dose ranges of “10–20 mg” is a typographical error for “10–200 mg”.

On page 159 in the section on results, the statement describing Table 2 is incorrect in referring to the “*t* value” rather than the “*P* value”.
