Erratum

Metabolism of Canine Kidneys in Anaerobic Ischemia and in Aerobic Ischemia by Persufflation with Gaseous Oxygen

by W. Isselhard, M. Berger, H. Denecke, J. Witte, J. H. Fischer,
and H. Molzberger

with the cooperation of

C. Freiberg, D. Ammermann, and M. Brunke

Pflügers Archiv **337**, 87—106 (1972)

Page 88, second line from the top. The sentence reads as follow:

It must be attributed to a sufficient aerobiosis in the aerobically ischemic kidney, during which organogenic substrates and substrates brought in by the initial perfusion are utilized.
