Erratum

In the paper, **Cyclosporin-A and the OKT*3 Monoclonal Antibody Exert Their Respective Inhibitory and Mitogenic Activity on T Cells by Interacting with the Same Receptors**, by R. Palacios, (Journal of

Clinical Immunology, Volume 2, Number 3, July Supplement 1982, pp. 15S–19S), there is an error on Table II. The subheading cyclosporin-A ng/ml; should read cyclosporin-A ng/well.

*Trademark.

Announcement

The IR983F cell line, (Hervé Bazin, Production of rat monoclonal antibodies with the LOU rat non-secreting IR983F myeloma cell line, *Protides of the Biological Fluids*, 29th Colloquium 1981, edited by H. Peeters, Pergamon Press, Oxford and New York, 1982, page 615–618) suitable to make rat-rat hybridomas is available to scientists provided they

agree to subscribe to some conditions, concerning the references to give, the origin of the clone and its scientific and/or commercial use(s). Please contact Pr Hervé Bazin Experimental Immunology Unit, Faculty of Medicine, University of Louvain, UCL 30.56, 30 Clos Chapelle aux Champs, Brussels 1200, Belgium, Tel. (02) 762 34 00 Ext. 34 30.
