Addendum

In connection with their paper "*Detection and partial purification of two lipases from Candida rugosa*", published as *Biotechnology Letters* **11**, 345-348 (November, 1989), Drs K. Veeravagan and B.F. Gibbs wish to acknowledge that a prior demonstration of the existence of two enzymes from this source was published by A.W. Bell, T.A. Ceska, J. Plamondon and K. Shaw in *Journal of Protein Chemistry* **7**, 198 (June, 1988) with the title "*Characterization and N-terminal sequence of two pools of lipase activities from Candida cylindracea*".
