Photolysis of Aldrin and Dieldrin in a Phytoplankton

[Archives of Environmental Contamination and Toxicology 24, 75–77 (1993)]

1. In the above article, the second author's name was omitted when published.
2. Line 4, left column, page 76, should read: "...(**TLC**) (Silica gel-**G**, F-254, 0.25 mm, Brinkman Instruments,...." The correction is in boldface type.
3. The sentence beginning on line 10, right column, page 76, should read: "This has considerable merit in the concern about ecological and health effects of environmental chemicals and their alteration products—especially those which become concentrated in organisms at higher **trophic** levels." The correction is in boldface type.
