ERRATUM

In the article **Comparative Inhibition of Coffee-Induced Gastric Acid Secretion Employing Misoprostol and Cimetidine** by P.R. Salmon and T. Barton, which appeared in the February 1986 supplement of *Digestive Diseases and Sciences* (31:55S-62S, 1986), the dose of cimetidine was erroneously given as 200 mg. This error appears in line 8 of the abstract on page

55S, in line 10 of the second paragraph of the left-hand column of page 56S, in line 4 of the right-hand column of page 61S, and in line 2 under "Conclusion" of the left-hand column of page 62S. In each case, the correct dose was 300 mg. It should be noted that in Figure 4 on page 60S the dose of cimetidine is given correctly as 300 mg.
