Electronic Properties of Metals at Low Temperatures

A. Isihara and David Y. Kojima

Z. Physik B **21**, 33–45 (1975)

The curve (e^4) in Figure 4 is inaccurately drawn. The corrected graph is given below:

The ratio of p_F/p_0 at 0 °K as a function of r_s . The curves with $y=0$ represent the direct solutions and other curves correspond to iterative solutions

π^2 in the fourth line of Equation (2.25) should read as $\pi \cdot e^2$ in Equation (3.12) is correctly e^4 . Equation (A.3) under Equation (A.4) should read as Equation (A.1). $a_{12}(\xi)$ in the bottom line of (D.6) should be $a_{12}(3)$. In Reference 4, 1 should be replaced by 7.
