[Few-Body Systems **13**, 165 (1992)]

In Appendix C, the third line of Eq. (C.9) should read:

$$+ q^2 \Pi_{j,\lambda} S_0^{sm_s m'_s} + 2\lambda k q^2 \sum_{j' \neq j} s_{j'} S_{j,j'}^{sm_s m'_s} \left] \langle \vec{k}_j | l m_l \rangle, \right.$$

where

$$S_{j,j'}^{sm_s m'_s} = (-)^{s-m_s} \sum_{s'' m''_s} (m''_s - m'_s) \begin{pmatrix} s & 1 & s'' \\ -m_s & m_s - m''_s & m''_s \end{pmatrix} \\ \times d_{\lambda, m_s - m''_s}^1(\theta_{np}) d_{0, m''_s - m'_s}^1(\theta_{np}) S_{1j'}^{s'' m''_s m'_s} \langle s \| \sigma_j^{[1]} \| s'' \rangle.$$

Furthermore, Fig. 11 b should be replaced by the following one:

Fig. 11 b
