Errata

Finite Energy Solutions for Interacting Yang-Mills and Dirac Fields on Minkowski Space

K. Meetz

Z. Phys. C — Particles and Fields 6, 41 (1980)

In (40) replace $SO(3)$ by $SU(2)$. Equation (41) should read

$$U(n) = n_4 + i n^a \tau^a$$

(τ^a Pauli matrices). In (65) put

$$\omega = [(1 + x^2)^2 + 4x^2]^{-1/2}.$$

A factor ω^2 has been omitted in the second line of (65). In (75) replace i by 1.

Superalgebras of Non-Abelian Gauge Theories in the Manifestly-Covariant Canonical Formalism

N. Nakanishi, I. Ojima

Z. Phys. C — Particles and Fields 6, 155 (1980)

On p. 158, in line next to (5.2), delete $t_b^a \equiv \eta^{ac} t_{cb}$.

On p. 159, in (5.27), t_a^b should read $t_a^{\ b}$.

On p. 159, in (5.31), $\bar{t}_a^b$ should be read $\bar{t}_a^{\ b}$.

On p. 159, in (5.33) and in (5.34), $\bar{t}_a^c$ and $\bar{t}_b^c$ should be read $\bar{t}_a^{\ c}$ and $\bar{t}_b^{\ c}$, respectively.
