Erratum

On the Magnetic and Electric Masses of the Gluons

T. Toimela

Z. Phys. C – Particles and Fields **27**, 289 (1985)

In (II-6) the term in the brackets should read

$$\left(\frac{1}{b} - \frac{c^2 \xi}{2b^2 k^2}\right).$$

In (II-9) the last term $(c^2/2b) D_{\mu\nu}$ should have a plus sign.

In (IV-1) and (IV-2) the term in the brackets should read

$$(g^2 T/m) \text{ instead of } (g^2 T^2/m).$$

In (A-1), (A-2) and (A-3) a factor T is missing from the l.h.s., moreover a factor $1/q$ is missing from the r.h.s. of (A-1) and (A-2).

From the r.h.s of (A-4) and (A-5) a factor $-T\bar{q}^2$ is missing.

These errors have a purely typographic nature and they do not alter any conclusions.
