Silicon Sensors as Process Monitoring Devices
P.A. Beck, B.A. Auld, and K.-S. Kim

Res Nondestr Eval 5:71-93 (1993)

Figures 19 and 20 were reversed. The figures and corresponding legends should have appeared as follows:

Fig. 19. Sensor output voltage (not externally balanced) during cure cycle in a thermosetting resin.

Fig. 20. Resistance as a function of temperature after final curing of the composite.
