ERRATUM

Lenn, N. J., Leranth, C. & Zaborszky, L. (1986) Choline acetyltransferase immunoreactivity is localized to four types of synapses in the rat interpeduncular nucleus. *Journal of Neurocytology* **14**, 909-919.

Lines 34-35 of p. 916 were incorrectly printed and should read as follows.

morphological, chemical and physiological.

The presence of apparently moderate numbers of cholinergic terminals in the lateral subnucleus was not previously anticipated except in receptor ligand binding studies (see
