Harriette L. Phelps

Development of an Estimate Sediment Burrowing Bioassay for Shipboard Use
 (Bulletin of Environmental Contamination and Toxicology 45:722-728, 1990)

Figures 1, 2, and 3 were mistakenly omitted.

Figure 1. Effect of sediment salinity on burrowing speed.

Figure 2. Effect of water salinity on burrowing speed.

Figure 3. Post-cruise changes in sediment bioassay results.
