ERRATUM

Marcelo Hermes-Lima, Ana Claudia Tassis and Adalberto Vieyra, 'Adsorption of 5'-Adenosine Monophosphate onto Precipitated Calcium Phosphate: Effects of Inorganic Polyphosphates and Carbamyl Phosphate', *Origins of Life and Evolution of the Biosphere* **20** (1990), 27–41.

The equation appearing in the legend of Figure 7, p. 38, was regrettably printed incorrectly.

The correct version should read:

$$y_t = y_0 - y_\infty \cdot e^{-kt} + y_\infty$$

instead of:

$$y_t = y_0 \cdot e^{-kt} + y_\infty$$
