Changes in the sweatspot test with ageing and relation to cardiovascular autonomic function

T. Robinson, M. Fotherby and J. Potter

Figure 1 should have appeared as follows:

Figure 1. Median sweatspot score (bar) with range of scores in young (○) and elderly (●) subjects

Page 133

Daily variability in resting levels of cardiovascular variables in normal subjects and those with homozygous sickle cell disease

J.S. Mohan, J.M. Marshall, H.L. Reid and G.R. Sergeant

The units of skinfold thickness in Table 2 should be 'cm' not 'mm'.
