Erratum

The author M.B. Dicklor should be added to author names and the following change made in the text.

B.M. Zuckerman, M.B. Dicklor, M. Matheny, and N. Acosta

Control of Plant-Parasitic Nematodes by a Nematicidal Strain of *Aspergillus niger*.

In Volume 20, Number 1, on p. 39, the sentence, "Second, CF was dialyzed against Spectrophor membrane tubing (6000-8000 molecular weight cutoff), and the fraction remaining within the tubing evaluated for nematicidal activity as described below," should be deleted and replaced with the following: "Nine-centimeter Petri plates containing PDA were overlayed with sterile dialysis membrane (Spectrophor, 6000-8000 molecular weight cutoff) and PD-42 allowed to grow on the membrane for four days at 22°C in the dark. PD-42 and the membrane were removed under sterile conditions and a drop of *C. elegans* or freshly hatched larvae of *M. incognita* added. Plates were observed at 10-min intervals until nematode activity ceased."
