ERRATA

D. Kamenski, N.V. Kulkova and M.I. Temkin: Kinetic model of catalytic ethylene oxidation. Vol. 8, No. 3, 419-424 (1978).

p. 420, line 15 (after eq. 5) should read:

"which describe the adsorption of C_2H_4O , H_2O and CO_2 on the higher surface oxide of silver /1/"

p. 421, line 10 (after eq. 6) should read:

"this implies that the higher surface oxide of silver is nearly completely covered"

p. 421, lines 12-13 (after eq. 6) should read:

"may be omitted, which means that the adsorption of C_2H_4O on the lower surface oxide of silver is negligible. It should be noted that with $K_3 = 0$, M also equals"
