ERRATA

R. Britsch, K. H. Ebert, H. J. Ederer and B. Kannellakopulos: Effects of radioactivity on surfaces, I. Influence of Cr-51 on the catalytic activity of chromium catalysts. Vol. 14, No. 3, 367-374 (1980).

Page 369, reaction scheme:

The reaction starts with cyclohexene. All arrows should point away from cyclohexene.

Page 370, Fig. 1, page 372, Figs. 3 and 4:

Points marked by x refer to non-radioactive catalyst.

Page 371, Fig. 2:

"Z cyclohexane" should read "+ cyclohexane".
