Journal of Radioanalytical and Nuclear Chemistry, Letters,
Vol. 201, No. 3 (1995) pp. 233-239.

We have noticed the following printing error in
the first line on page 237:

$$R \text{ (g cm}^{-2}\text{)} = 0.53, E \text{ (MeV)} = 0.106$$

The line should read as:

$$R \text{ (g cm}^{-2}\text{)} = 0.53 E \text{ (MeV)} - 0.106$$
