Erratum

In the article "Daniel Levinson and His Theory of Adult Development: A Reminiscence and Some Clarification," by Peter M. Newton (*Journal of Adult Development*, Volume 1, Number 3, July 1994, pp. 135–147), on page 135 the dates of death for both Daniel Levinson and Erik Erikson are incorrectly

stated. The statement reading "First, on March 15, Daniel Levinson died and then a month later Erik Erikson passed away" should read "First, on April 12, 1994, Daniel J. Levinson died and then a month later Erik Erikson passed away on May 12, 1994."
