Erratum

Cluster phase transition in insulating spin glass $\text{Ga}_{0.4}\text{Fe}_{0.6}\text{NiAlO}_4$,
J.K. Srivastava, J. Ferreira, S. Ramakrishnan, S.J. Campbell, G. Chandra
and R. Vijayaraghavan, Hyp. Int. 68(1991)279.

The sentence in the seventh line of the first paragraph of this paper
should read: Clusters are formed as a result of frustration [4] and exist
in the system's otherwise paramagnetic state itself below a certain
temperature T_{CF}
