ERRATA

In the article, "Simulating and Designing Cylinder-Cone Classifying Crystallizers," by A. P. Vragov in Vol. 35, Nos. 3–4, pp. 189–198, 1999, the following corrections should be noted:

on page 194, the line, "in which V_{cs} is the volume of the lower cylindrical section." should be "in which V_{cs} is the pump capacity, m^3/sec ."

on page 197, in Table 2, "of crystallizer G_k , kg/sec" should be "of crystallizer G_k , kg/h," "of pump G_p , m^3/sec " should be "of pump V_{cp} , m^3/h ," "in lower section β_{v1} , $kg/m^3 \cdot sec$ " should be "in lower section $\beta_{v1} \cdot 10^2$, $kg/m^3 \cdot sec$," and in values for upper D_2 , the value for $NaNO_3$ should be 3000 instead of 8000 and the value for $(NH_4)SO_4$ should be 8000 instead of 3000.
