ERRATA

J. R. H. Herring *et al.*: 'Soft X-Ray Reflectivity Measurements of the Mirrors Flown on the Ariel-6 Satellite', *Astrophys. Space Sci.* **89** (1983), 325–339.

Page 326 was substituted from a different journal. The publishers regret this error and apologise to the authors concerned. To assist readers who wish to place the correct page in its proper position, it is now printed overleaf.

On page 325, the second section heading number was omitted and the heading should read:

2. Ariel-6 Satellite Mirrors

In order that this paper should appear as a whole, it is reprinted complete and inserted loose in this issue.
