PACS. 92.60. – Meteorology.

Figure 2b) on page 597 has been erroneously turned. We publish hereby the correct figure.

Fig. 2. – *a*) Amplitude spectrum of the Fourier transform of the daily data series in 1976; *b*) time variations of the amplitude maxima of a «semi-monthly» component throughout the 1970-81 observing period, by using the inverse Fourier transform (ENEL data).
