The authors acknowledge the assistance of Jeannette V. Taylor and Lloyd G. Bush in these experiments. This work was supported by National Institute of General Medical Sciences Grant GM 24487 and by contract N00014-80-C-0363 from the Department of the Navy.

ERRATA

Ectopic Production in Serum-Free Media of the Common Alpha Subunit of the Glycoprotein Hormones.

Jay S. Morrow, Bruce D. Weintraub, and Saul W. Rosen

Vol. 17, No. 5, Cover and page 421. The name of the second author appeared erroneously in the contents and on page 421 — substitute "Bruce D. Weintraub".

Stability of the Cytokinin Requirement in Paul's Scarlet Rose Cells in Culture.

Donald E. Fosket

Vol. 17, No. 4, page 325. In Fig. 4 the numbers given on the Y axis in the graph depicted therein should be 10, 20 and 30, not 1.0, 2.0 and 3.0.
