High oil prices, looming energy shortages and deepening "stagflation," the three nightmares of today's economy, are interrelated phenomena. The economic future of the world and the health of democracy depend on early, decisive measures to deal with all three. □

Errata

In the Authors and Readings department of the January/February 1975 issue of SOCIETY, the names of the following publishers were erroneously omitted:

- Anne Sutherland's article, "Gypsies, The Hidden Americans," was excerpted from her forthcoming book *Gypsies: The Hidden Americans* to be published in May by The Free Press, A Division of Macmillan Publishing Co. Inc. Copyright Anne Sutherland. Printed by special arrangement with The Free Press.
- Abdul A. Said's and Luiz R. Simmons' forthcoming book *The Ethnic Factor in World Politics* is being published by Transaction Books.

Teresa Rakowska-Harmstone's article, "Ethnic Autonomy in the Soviet Union," which appeared in the January/February 1975 issue of SOCIETY, was an earlier version of "The Dialectics of Nationalism in the USSR," *Problems of Communism*, May-June 1974.

Barbara Ledeen coauthored the *Amarcord* film review which appeared in the January/February 1975 issue.

Moving soon? Please let us know.

If you are going to move, please use this form and advise Society 30 days in advance. Both old and new address must be given. Enclose mailing label which gives full information and enables the Subscription Department to put the change into effect quickly. Many thanks.

NOW AVAILABLE IN PAPERBACK THE POLITICS OF NONVIOLENT ACTION

by GENE SHARP

THE POLITICS OF NONVIOLENT ACTION is must reading for anyone interested in war and peace, whether a scholar or citizen!

Seymour Martin Lipset, Harvard University

... an extraordinarily valuable and interesting book. ... he has constructed a new political category of behavior, within which questions of policy, strategy, and tactics can be systematically pursued.

Margaret Mead, AMERICAN

JOURNAL OF ORTHOPSYCHIATRY

Nonviolent action is almost always considered a marginal political phenomenon. ... Gene Sharp radically transforms this perspective. Not only is his book the best documented and most complete which has been written on nonviolence, it is also an important contribution to political sociology and conflict theory. His systematic analysis of an isolated and, until now, neglected sector of political science demands a new look at the entire discipline.

Jean-Pierre Derriennic, REVUE FRANCAISE
DE SCIENCE POLITIQUE
