The sign of the second term of eq. (12) is wrong and should be changed from minus to plus; accordingly, the left hand sides of eqs. (18), (20) and (21) should be supplied with a minus sign.

A numerical error was made in the computation of C_0 , eq. (18). The first term does not contribute $1.10\mu^2$ but $0.11\mu^2$. This changes the numerical value in (22) from $12.15\mu^2$ to $37.74\mu^2$.
