Errata

Equation (1) in the paper “A scheme for resampling, filtering, and subsampling unevenly spaced laser Doppler anemometer data” (Biron, P., Roy, A. G., and Best, J. L., 1995, v. 27, no. 6, p. 731–748) was written as:

$$w(t) = (2\pi\sigma^2) \exp(-t^2/2\sigma^2) \quad (1)$$

but it should have been:

$$w(t) = (2\pi\sigma^2)^{-1/2} \exp(-t^2/2\sigma^2) \quad (1)$$
