Corrigendum

In the article entitled "Effect of Magnesium Supplementation and Training on Magnesium Tissue Distribution in Rats" by Francisco J. Navas and Alfredo Córdova, in *Biological Trace Element Research*, vol. 53, Nos. 1–3 (Summer 1996), pp. 137–145, the following corrections should be noted:

- In Fig. 1, the units should be $\mu\text{mol/g WW}$ instead of mmol/g WW , for the three tissues (liver, muscle, and kidney).
- In Fig. 2, the units should be $\mu\text{mol/g WW}$ instead of mmol/g WW , only for RBC. The units employed for serum and bone are correct.
