Errata

Resonance, Vol. 1, No. 4 (1996)

- Page 36:* Optical illusions: (left) Each crosshatched line is a straight line though it appears distorted; (right) a system of concentric circles that appear to be ovals.
- Page 64:* The question on 'Self-Copying Program' in the *Think It Over* section was posed by S K Ghoshal, not V Rajaraman
- Page 66:* Optical illusion: The optical illusion is a system of concentric circles and not a spiral pattern.
