The Membership Committee did not meet in 1990. The new committee will meet with the incoming chair (PAA Vice President) and Executive Committee on August 15, 1991.

Respectfully submitted,
Al Mosley
Chair

ERRATA

A running head was mistakenly included in the title of the article by Steven F. Vaughn and Edward C. Lulai published in the October 1991 issue of the American Potato Journal (cover and page 667 Vol. 68). The correct title should read "Comparison of fluorescent stains for the detection of suberin in potato periderm."
