ERRATA

By an inadvertent mistake, the last column of Table III of the paper by O. Volfová *et al.* (Folia Microbiol. **19**, 376, 1974), reads 0.000094 and 0.00018, instead of correctly 0.00018 and 0.

Likewise, the legend to Fig. 2 in the paper by J. Chaloupka *et al.* (Folia Microbiol. **19**, 259, 1974) contains two identical symbols ($\odot$). The second of these should correctly be an open circle ($\bigcirc$).
